

EMBASSY OF INDIA
LOME, TOGO

In recent past, instances have come to notice where some pretended to be Togolese companies have been found to be attempting to defraud exporters/suppliers from India into making payments by creating bogus companies and fictitious email/telephone coordinates. As a part of due diligence efforts, it is important for Indian exporters and suppliers to pay attention to emails receive from those bogus companies. Most organizations have websites where the contact phone numbers and contact links are available. Indian exporters and suppliers are requested to always verify companies' genuineness from the Embassy before enter into any financial or contractual obligation.
